ATT LTD3

BILLY SHEEHAN SIGNATURE MODEL

Billy Sheehan's legendary Attitude is reborn. Hand-crafted in Yamaha Music Craft, Attitude LTD3 features Billy's sound taken to a new level, with refined characteristics only possible thanks to Yamaha's original design and technology.

Attitude's low-end is powerful and bold, yet tight and controlled. The highs are clear and musical and the mid drives with a power rarely heard. The latest technology, including our spline jointed body and exclusive ARE and IRA wood treatments together with newly designed pickups and a totally reworked neck joint make this bass something else. And with Billy's involvement every step of the way, playability is like no other guitar. It's clearly an Attitude, but it's an Attitude like you've never heard it before.
